time and to be certain to get the varieties desired. State exact dates you want them shipped.

Constellation

A highly productive and dependable decorative yellow pompon. The normal flowering time is November 5, but the uniform response it gives to black cloth will make it a leading variety for early shading.

Rooted cuttings.....\$8.00 per 100

Honeycomb

An intense golden yellow pompon, small and perfectly formed. Flowering September 25, it is more vigorous and productive than its competitive Early Yellow or Pomponette. While a hardy variety, Honeycomb also shapes up well for pots.

Rooted cuttings.....\$8.00 per 100

Seneca

A decorative orange bronze pompon. It comes into flower November 5. Seneca looks to be one of the most reliable pompons for early shading, as it holds its color well and is a good producer.

Rooted cuttings.....\$8.00 per 100

Be sure to check with your copy of the 1948 *Gloeckner*

Chrysanthemum Manual (which will follow shortly)

for full descriptions of varieties and latest

complete cultural information.

New

INTRODUCTIONS

for 1948

Serenity

A hardy garden white daisy that may also be used as a pot plant. It resembles Pomponette. Serenity is showy, compact and bushy. Flowering period September 25.

Rooted cuttings.....\$8.00 per 100

Tally-Ho

Very similar to Princeton. A clear yellow and well-rounded hard pompon coming into bloom November 15.

Rooted cuttings.....\$8.00 per 100

Yellow Queen

The yellow sport of Orchid Queen coming into bloom November 10.

Rooted cuttings.....\$8.00 per 100

Spellbound

A lavender pink decorative pompon for the hardy garden or for pots. Blooms September 25. The flower is large and the plant has a compact bushy habit.

Rooted cuttings.....\$8.00 per 100
